The 2006 Community recognition Awards WADE 2006 Community Development Awards

Right-to-Left: Rev. Wayne Desmond, Althea Tolliver, Rev. Brian Johnson.

The WADE African Nova Scotian Organization presented the 2006 CED Awards to three community members **for excellence, leadership and innovation in community development** at the WADE 2006 Annual General Meeting in June 2006 at the Black Cultural Center for Nova Scotia. The three award recipients were all former employees of WADE. Since leaving WADE they have continued and still actively involved in spiritual leadership and social work in the community. They are community trailblazers and are well deserving of the WADE awards.
